Independent Auditor's Report

To the Village Council of the Village of Mecosta, Mecosta County, Michigan:

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Village of Mecosta, Mecosta County, Michigan, as of and for the year ended March 31, 2006, which collectively comprise Village of Mecosta's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the management of Village of Mecosta, Mecosta County, Michigan. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Village of Mecosta, Mecosta County, Michigan, as of March 31, 2006, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The Village of Mecosta has implemented a new financial reporting model, as required by provisions of GASB Statement No. 34, Basic Financial Statements – Management's Discussion and Analysis- for State and Local Governments, as of March 31, 2006. Management has elected not to present the Management's Discussion and Analysis portion of the financial statements.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the Village of Mecosta, Mecosta County, Michigan basic financial statements. The combining and individual non-major fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole,

Big Rapids, Michigan

Teny Kingth, CPA, P.C.

May 18, 2006

NOTES TO FINANCIAL STATEMENTS

VILLAGE OF MECOSTA – Mecosta County, Michigan

Notes to Financial Statements For the Year Ended March 31, 2006

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of Village of Mecosta conform to accounting policies generally accepted in the United States of America (GAAP) as applicable to governmental units. The following is a summary of the significant accounting policies used by Village of Mecosta:

Reporting Entity

The Village is governed by an elected, five-member, Council. The accompanying financial statements present the government and its component units; entities for which the government is considered to be financially accountable. Based on the application of the criteria, the Village does not contain any component units.

Government - Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of inter-fund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenue includes: (1a) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenue.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

District-Wide Statements - The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund Based Statements - Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be "available" if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Property taxes – Village of Mecosta's property tax is levied on each December 1st on the taxable valuation of property located within Village of Mecosta as of the preceding December 31st.

VILLAGE OF MECOSTA – Mecosta County, Michigan

Notes to Financial Statements - Continued For the Year Ended March 31, 2006

Although the Village of Mecosta 2005 ad valorem tax is levied and collectible on July 1, 2005, it is Village of Mecosta's policy to recognize revenue from the current tax levy in the current year when the proceeds of this levy are budgeted and made "available" for the financing of operations.

The 2005 taxable valuation of Village of Mecosta totaled approximately \$4,803,652, on which ad valorem taxes levied consisted of 6.0 mills for the Village operating purposes. These amounts are recognized in the respective General Fund financial statements as delinquent personal tax and/or as a tax revenue.

The Village reports the following major governmental funds:

The General Fund is the Village's primary operating fund. It accounts for all financial resources of the Village, except those required to be accounted-for in another fund.

The Major and Local Street Funds account for activities of the street improvements.

Additionally, the Village reports the following non-major fund types:

The Village reports a Revolving Equipment Fund. This fund accounts for equipment rental to various Village funds.

As a general rule, the effect of inter-fund activity has been eliminated from the government-wide financial statements.

Assets, Liabilities and Net Assets or Equity

Deposits and Investments – Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

Receivables and Payables – In general, outstanding balances between funds are reported as "due to/from other funds". Activity between funds that is representative of lending/borrowing arrangements outstanding at the end of the fiscal year is referred to as "advances to/from other funds".

All trade and property tax receivables are shown as net of allowance for uncollectible amounts. Property taxes are levied on each July 1st and are considered delinquent on October 1st, at which time interest and penalties are assessed.

Capital Assets – Capital assets, which include property, plant and equipment assets are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial individual cost of more than \$5,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of the donation.

Property, plant and equipment is depreciated using the straight-line method over the following useful lives:

Buildings

40 years

Vehicles

3 years to 10 years

Equipment

5 years to 10 years

VILLAGE OF MECOSTA - Mecosta County, Michigan

Notes to Financial Statements - Continued For the Year Ended March 31, 2006

Fund Equity – In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

NOTE B - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information – Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental units. All annual appropriations lapse at fiscal year end.

The budget document presents information by fund, function, activity and line items. The legal level of budgetary control adopted by the governing body is the activity level. State law requires the Village have its budget in place by April 1st. Expenditures in excess of amounts budgeted is a violation of Michigan Law. State law permits a Village to amend its budgets during the year.

NOTE C – DEPOSITS AND INVESTMENTS

Michigan Compiled Laws, Section 129.91, authorizes the local governmental unit to make deposits and invest in the accounts of federally insured banks, credit unions, and savings and loan associations, which have an office in Michigan. The Village is allowed to invest in bonds, securities and other direct obligations of the United States or any agency or instrumentality of the United States; United States government or federal agency obligations; repurchase agreements; bankers' acceptance of United States banks; commercial paper rated within the two highest classifications which mature not more than 270 days after the date of purchase; obligations of the State of Michigan or its political subdivisions which are rated as investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan.

The Village has designated two banks for the deposit of Village funds. The investment policy adopted by the Village Council in accordance with Public Act 196 of 1997 has authorized investment in bank accounts and certificates of deposit, but not the remainder of State statutory authority as listed above.

The Village's deposits and investment policy are in accordance with statutory authority.

At year-end, the Village's deposits and investments were reported in the basic financial statements in the following categories:

Governmental Activities

Cash and cash equivalents

\$ 490,870

The bank balance of the primary government's deposits is \$502,700, of which \$100,000 is covered by federal depository insurance.

NOTE D – RECEIVABLES

Receivables as of year-end for the government's individual major and non-major funds are as follows:

Personal Tax Delinquent \$ 90
Due from State of Michigan 5.667

VILLAGE OF MECOSTA – Mecosta County, Michigan

Notes to Financial Statements - Continued For the Year Ended March 31, 2006

NOTE E - CAPITAL ASSETS

Capital asset activity of the governmental activities for the current year was as follows:

	4/1/05 seginning Balance	Increases	,	Decreases	3/31/06 Ending Balance
Capital assets being depreciated Buildings Less Accumulated depreciation for	\$ 63,440	\$ 0	\$	0	\$ 63,440
Capital assets	 (12,430)	(1,586)		(0)	 (14,016)
Net capital assets	\$ 51,010	\$ (1,586)	\$	0	\$ 49,424

Depreciation expense was not charged to activities as the Village considers its assets to impact multiple activities and allocation is not practical.

NOTE F – RISK MANAGEMENT

The Village is exposed to various risks of loss related to property loss, torts, errors and omissions and employee injuries (workers' compensation). The Village has purchased workers' compensation insurance for such claims. Settled claims relating to the workers' compensation insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

May 18, 2006

Members of the Village Council Village of Mecosta Mecosta County, MI

I recently completed my audit of the basic financial statements of the Village of Mecosta for the year ended March 31, 2006. During the audit, I had an opportunity to test internal controls and to observe the accounting and financial procedures and many of the general management practices of the Village. Based upon these tests and observations, there are several matters that I specifically want to call to your attention.

CLERK'S RECORDS IN GOOD CONDITION

The Village Clerk's books and filing system appeared to be maintained in very good order during the past fiscal year. Keep up the good work!

OTHER MATTERS

I have enjoyed working with your staff. Their competence and assistance were instrumental in my timely completion of the audit.

Two copies of the audit report, the auditing procedures report, and this letter have been mailed to the Michigan Department of Treasury, Local Audit Division.

If you have any questions regarding this letter or the audit, please do not hesitate to contact me.

Very Kith, CPA, P.C.
